■ Understanding RIASEC

RIASEC (also known as the **Holland Code**) measures your career interests across six dimensions: **R**ealistic, **I**nvestigative, **A**rtistic, **S**ocial, **E**nterprising, and **C**onventional. Your top three codes reveal career fields where you'll thrive.

“ *The future belongs to those who believe in the beauty of their dreams.* ”

Code	Dimension	Career Examples
R	Realistic	Engineer, Mechanic, Pilot
I	Investigative	Scientist, Analyst, Researcher
A	Artistic	Designer, Writer, Musician
S	Social	Teacher, Counselor, Nurse
E	Enterprising	Manager, Entrepreneur, Lawyer
C	Conventional	Accountant, Administrator, Banker

■ Your RIASEC Results

Your Holland Code: **IRC**

Your top three interest areas are **I** (14.4/15), **R** (13.5/15), and **C** (11.4/15). This combination reveals your unique career sweet spot!

Code	Dimension	Your Score	Strength
R	Realistic	13.5/15	Very High
I	Investigative	14.4/15	Very High
A	Artistic	9.6/15	High
S	Social	7.5/15	Medium

Understanding the Big Five

The **Big Five** personality model measures five core traits: **Openness**, **Conscientiousness**, **Extraversion**, **Agreeableness**, and **Neuroticism**. These traits influence how you work, relate to others, and approach challenges.

Trait	High Score Means	Career Fit
Openness (O)	Creative, curious, imaginative	Creative fields, R&D
Conscientiousness (C)	Organized, reliable, disciplined	Management, administration
Extraversion (E)	Outgoing, energetic, sociable	Sales, leadership, teaching
Agreeableness (A)	Cooperative, empathetic, kind	Helping professions, HR
Neuroticism (N)	Emotionally sensitive, vigilant	Detail-oriented, quality control

Your Big Five Personality Profile

Your personality profile shows how you naturally approach work, relationships, and challenges. Each trait exists on a spectrum—there's no "better" or "worse" score!

Big Five Score Distribution

Big Five Profile

Trait	Your Score	Strength
Openness	22.5/25	Very High
Conscientiousness	24.0/25	Very High
Extraversion	14.0/25	Medium
Agreeableness	17.5/25	High
Neuroticism	9.0/25	Low

■ What Your Scores Mean

Openness to Experience (Very High): Your curiosity, creativity, and willingness to try new things. High scorers are imaginative and prefer variety. Your score is 22.5/25.

Conscientiousness (Very High): Your organization, reliability, and self-discipline. High scorers are methodical and goal-oriented. Your score is 24.0/25.

Extraversion (Medium): Your sociability, energy level, and enthusiasm. High scorers are outgoing and thrive in social settings. Your score is 14.0/25.

Agreeableness (High): Your cooperativeness, empathy, and consideration for others. High scorers are warm and value harmony. Your score is 17.5/25.

Neuroticism (Low): Your emotional stability and stress management. Lower scores indicate greater resilience and calmness. Your score is 9.0/25.

■ Understanding Behavioral Traits

Behavioral traits measure work habits, mindset, and self-regulation. These are not fixed—they can be developed with practice! Flags highlight areas for growth or celebrate strengths.

■ Your Behavioral Traits & Flags

Behavioral traits reveal your work habits and mindset. Flags are not judgments—they're opportunities for growth and self-awareness!

Behavioral Traits Score Distribution

Behavioral Flags Dashboard

Trait	Strength
Motivation	Medium
Grit	Medium
Self-Regulation	Medium
Time Management	Medium
Growth Mindset	Medium

■ Behavioral Insights & Development Tips

Motivation (Very High): Your drive to pursue goals and take action. High motivation leads to initiative and persistence.

Grit & Persistence (Very High): Your ability to persevere through challenges. Grit predicts long-term success better than talent alone.

Self-Regulation (Very High): Your confidence in managing tasks and emotions. Strong self-regulation enables better decision-making.

Resilience (Low): Your ability to bounce back from setbacks. Resilient people adapt well to change and stress.

Growth Mindset (Very High): Your belief that abilities can be developed. Growth mindset leads to continuous improvement.

Empathy (Low): Your ability to understand and share others' feelings. Empathy strengthens relationships and teamwork.

Task Initiation (High): Your tendency to start tasks promptly. Good tempo reduces procrastination and stress.
