■ Understanding RIASEC

RIASEC (also known as the **Holland Code**) measures your career interests across six dimensions: **Realistic, Investigative, Artistic, Social, Enterprising, and Conventional**. Your top three codes reveal career fields where you'll thrive.

“ *The future belongs to those who believe in the beauty of their dreams.* ”

| Code | Dimension | Career Examples |
|------|---------------|-----------------------------------|
| R | Realistic | Engineer, Mechanic, Pilot |
| I | Investigative | Scientist, Analyst, Researcher |
| A | Artistic | Designer, Writer, Musician |
| S | Social | Teacher, Counselor, Nurse |
| E | Enterprising | Manager, Entrepreneur, Lawyer |
| C | Conventional | Accountant, Administrator, Banker |

■ Your RIASEC Results

Your Holland Code: RIA

Your top three interest areas are **R** (12.5/15), **I** (13.8/15), and **A** (11.2/15). This combination reveals your unique career sweet spot!

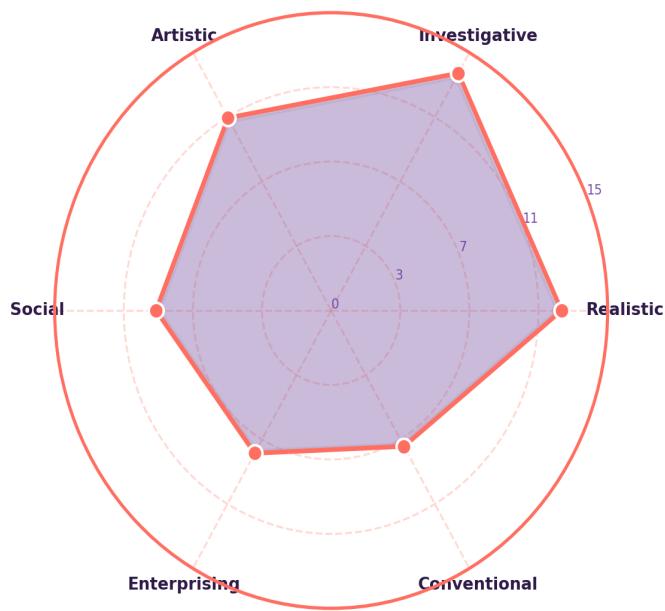

| Code | Dimension | Your Score | Strength |

Understanding the Big Five

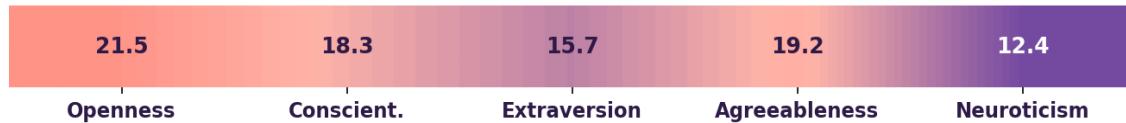

The **Big Five** personality model measures five core traits: **Openness**, **Conscientiousness**, **Extraversion**, **Agreeableness**, and **Neuroticism**. These traits influence how you work, relate to others, and approach challenges.

| Trait | High Score Means | Career Fit |
|-----------------------|----------------------------------|----------------------------------|
| Openness (O) | Creative, curious, imaginative | Creative fields, R&D |
| Conscientiousness (C) | Organized, reliable, disciplined | Management, administration |
| Extraversion (E) | Outgoing, energetic, sociable | Sales, leadership, teaching |
| Agreeableness (A) | Cooperative, empathetic, kind | Helping professions, HR |
| Neuroticism (N) | Emotionally sensitive, vigilant | Detail-oriented, quality control |

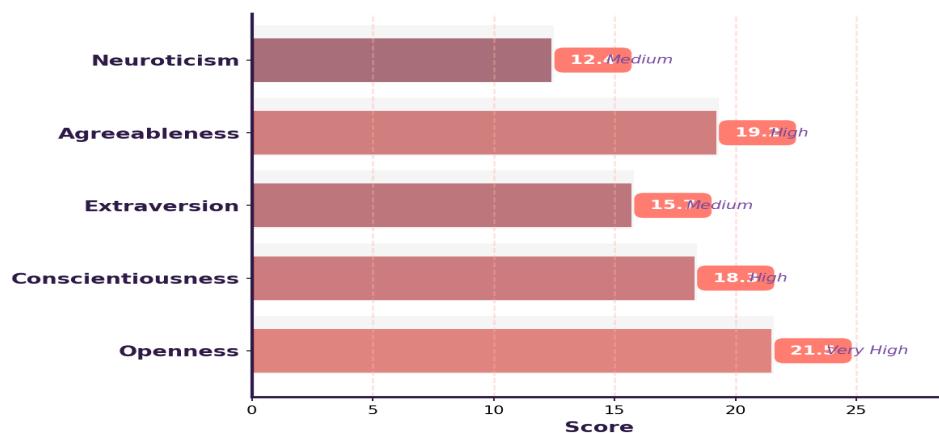

Your Big Five Personality Profile

Your personality profile shows how you naturally approach work, relationships, and challenges. Each trait exists on a spectrum—there's no "better" or "worse" score!

Big Five Score Distribution
